A4 SERIES TECHNICAL SPECIFICATIONS

MODELS		A104	A124	A134
ENGINE				
Maximum power @ 2000rpm [ISO TR14396]	hp	99	119	128
	kW	74	89	96
Maximum Torque @1500 rpm	Nm	410	520	540
Maximum PTO Power	kW	58	65	
Make		AGCO Power		
Number of cylinders		3		4
Displacement	Litres	3.3		44
Aspiration		Turbo Intercooler		
Injection System		Electronic Injection (Common Rail)		
Engine Speed Memory		Standard		
TRANSMISSION				
Gears		12F + 12R		
Clutch		Wet multi disc		
Power shift		-		
Maximum speed	km/h	30		
Forward reverse shuttle		Electro-hydraulic		
4 Wheel Drive		Auto-engaging below 14km/h		
Creeper		-		●
POWER TAKE OFF				
Engagement		Electro-Hydraulic		
PTO Cruise Control		Standard		
Speed	rpm	540 / 540E	540 / 540E / 1000	
Engine Seed	rpm	2000 / 1550	1920 / 1550 / 1960	
THREE POINT LIFT				
Control		Electronic		
Active transport suspension		Standard		
Lift capacity	kN	42	50	
STEERING				
Type		Hydraulic		
HYDRAULIC SYSTEM				
Type		Open centre		
Number of valves		2	3	
Valve function		Double acting with float and flow divider		
Maximum flow	l/min	98 (combined with lift)		
Maximum pressure	kPa	200		

MODELS		A104	A124	A134
TYRES				
Front		14,9-24		14,9-28
Rear		18,4-34		18,4-38
BRAKES				
Type		Multi disk oil immersed		
Engagement		Hydraulic boosted		
FUEL TANK				
Capacity	Litres	153		197
BALLAST				
Front	kg	10 x 55		14 x 55
Rear	kg	2 x 50		3 x 50 per wheel
WEIGHTS & DIMENSIONS				
Total length	mm	4305		4758
Wheel Base	mm	2430		2500
Maximum height	mm	2637		2777
Clearance	mm	480		483
Maximum Permitted Weight	kg	5850	6875	7425
OPERATING ENVIRONMENT				
Operator station		Cab	Cab / Platform	Cab
Seat		std		
Auto guide		Electric steer compatible
